

Aluminium 18 x 14.009

General Description

Aluminum insect screen provides strong and durable protection against all types of insects and small rodents. It is long-lasting, easy to maintain and to install while offering an attractive streak-free appearance.

The mesh fits with nearly all usual insect screen systems and can also be used as dirt guard for light and cellar wells.

Application: Insect protection

Material: Aluminum / Acryl

Technical characteristics⁽¹⁾

Property	Unit	Nominal Value	Tolerance
Composition		Aluminum mesh, acrylic coated	
Mesh	wires	18x14/inch ²	+/- 1
Mesh width	mm	1,59 x 1,18	+/- 5%

Delivery specifications

Standard colors: aluminium color / bright + charcoal

Special colors

Winding: with cardboard core Ø inside ~ 4,5 cm

Roll width: 0,60m -1,50m

tolerance: +/- 6 mm

Roll length: 30m

tolerance: +2% / -0%

Fabric selvedge woven edge

Packaging: in transparent foil

Quality standard:

Other technical characteristics can be evaluated according to customer requirement

Properties

- ✓ Strong and durable
- ✓ Resists rust
- ✓ Protective acrylic finish
